## JOURNAL OF MICROBIAL SYSTEMATICS AND BIOTECHNOLOGY

Source: Hidayat et al.

# Journal of Microbial Systematics and Biotechnology

Volume 2, Issue 1, 2020

## List of Contents

- Stability of phycocyanin extracted from *Spirulina maxima* in different pH from indoor and semi-outdoor cultivation  
*Dwi Susilaningsih, Bimo Saskiaoktavian, Ali Djunaedi, Agus Trianto*..... 1-9
- Challenge of bacteriophage application to improve food safety and its administration into the human gut: an article review  
*Qori Emilia* ..... 10-21
- Microbial isolation from gastrointestinal tract of catfish (*Clarias gariepinus*)  
*Nurul 'Aini, Muhammad Bachruddin, Izdihar Tsana* ..... 22-30
- Evaluation of anti-*Fusarium* and auxin production of *Trichoderma virens* InaCC F1030 isolated from rhizosphere of banana  
*Toga Pangihotan Napitupulu, Indriati Ramadhani, Atit Kanti, I Made Sudiana*..... 31-39
- A molecular phylogenetic study of *Clarohilum henningsii* (Mycosphaerellaceae, Fungi) on cassava from Indonesia based on the ITS rDNA sequence  
*Iman Hidayat, Aerma Hastuty, Indriati Ramadhani*..... 40-45
